

I do not support the expansion of LPFM. 1.K-Love serves me with the positive, quality programs and music my family and I need to hear each day. It helps us and others in the community focus on God and our neighbors. 2. K-Love provides worry free listening to our children and families. A new LPFM station might not bring that kind of programming. Also, K-Love brings us contemporary Christian music that our teens enjoy hearing, can a LPFM station guarantee that? 3. We receive Christian news items and community gatherings announcements from K-Love that the public is interested in hearing about. There are few radio stations that we can get reception to in Boerne, TX and our community cannot receive any other Christian radio station that compares to K-Love. I ask and pray that you do not replace our K-Love station. Jodi Miller
